## INDEPENDENCE DAY AT GEORGICA WITH VOSS FOUNDATION

**Where:** Georgica Restaurant

**Other details:** The 2nd Annual Clean Water benefit put on by the Voss Foundation at Georgica restaurant in Wainscott was a thrilling night and a fundraising success. By 8:30 the bar was flooded by a young, attractive crowd, sipping cocktails and socializing under vintage chandeliers. By 9:30 everyone was seated for dinner when host and actress Sami Gayle made some remarks regarding the unfortunate and detrimental effects on communities in Sub Saharan Africa caused by limited access to clean water. The mission of the Voss Foundation is to provide accessibility to clean water, sanitation, and hygiene to these communities. By the end of the night, the Voss Foundation raised over \$12,000 for their cause.

During the dinner, country music band American Young, featured on Monday night's episode of the Bachelor, got much of the crowd on their feet with their new hit song "Love is War." The talented group continued to play renditions of party classics like "Angel" by Shaggy and "Summer of 69" by Bryan Adams. They were fresh and exciting and created a great energy at Georgica for such a great cause. After dinner raffle tickets were drawn and presented by Victoria's Secret model Vita Sidorkina. The Russian model looked stunning in a long sleeved, purple and blue floral dress.
